3Es in Virtual Learning: Experience, Energy, Engagement

Georgia State University CIBER and AIB Teaching & Education SIG

Charles Dhanaraj
Piccinati Endowed Chair Professor

Chair, Department of Management
Daniels College of Business
University of Denver
Learning is a social process and student is at the driver seat.
Knowledge embedded in experience has a better shelf life!
Content vs. Emotion.

Context colors Everything.
Engagement is the heart of learning!
Bystander Effect
Content vs. Emotion.

Less is More.

Context colors Everything.

Every participant is one of a kind.
Energy in the classroom is generative and it begins with YOU!

<td>Less is More.</td>
<td>Every participant is one of a kind.</td>
</tr>
<tr>
<td>Begin with the End</td>
<td>Every class is an opportunity to learn.</td>
</tr>
</tbody>
</table>
DESIGN
- Choreographing your class
- Let the end drive the means

DELIVERY
- Presence (Connecting)
- View the dance from the balcony

ASSESSMENT
- Innovation
- Student ownership in learning
Performance

Time

Journey to Mastery…

Experimentation

Observation of Masters

Mentor

Teaching and Feedback
THANK YOU
